

Enjoy the performance

Key Features

The IGT **bluechip Neo**® is a striking design, redefining player comfort and fun.

Bigger, brighter screens

Two high definition LCD widescreens for crisp, vibrant graphics – ideal for the advanced multimedia in IGT's games.

TITO

Being 'systems ready' means the **bluechip Neo**™ has full Ticket In / Ticket Out capability.

Ergonomic, player-friendly design

The ultimate in player comfort: extended button panel for leg room; bag hook for handbag security; drinks holder for convenience.

IGT's turbo-charged AVP® technology is the brains behind the beauty – powering the next gaming generation.

High performance processors

One of the first to use AMD Turion™ dual-core processors for ultimate power and the fastest performance – with a dedicated graphics processor for the sharpest display.

Server-based gaming

Ready today for future sbX™ systems. Featuring Ethernet connectivity, 160 GB hard drive and no belly panel art. Downloadable games will be a breeze.

Wider game library

The powerful AVP platform is used by IGT worldwide, so IGT's huge global game library will be more accessible for the New Zealand market.

global**strength**
local**focus**

The new IGT **bluechip** Neo[®] builds on the heritage of our **bluechip**[®] machine and has been designed to deliver outstanding entertainment and revenue performance.

Externally, we've built a stylish premium players' machine, featuring first class ergonomics with room for knees, handbag holder, tactile dynamic buttons and bigger brighter screens. Internally we've pushed the boundaries of technology with the latest processors to handle sound, graphics and game play that haven't been seen before. Plus, it is ready for the arrival of downloadable games.

We believe that the IGT **bluechip** Neo will set the bar for player and venue performance. Teamed with IGT's global strength and our local, customer-focused IGT Dealer Network, we are confident that we'll continue to build a long-term relationship with your business.

Regards,

Barry Crossley

Sleek design

With your floor space at a premium we've designed a sleek, modern cabinet with striking looks and a small footprint.

Benefits

Ultimate gaming. Ultimate comfort

You want your players to be comfortable. You want reliability. You want a future-ready investment. You want a variety of premium games. You want a star performer on your floor. Now, you have it.

Extreme player comfort

From visual testing, screen height and button panel distance to leg room, handbag holder and game variety; the IGT **bluechip Neo**[®] is designed around how players play.

Superior game play

Powered by IGT's AVP™ and including superb stereo sound with high powered graphics on high definition widescreens, we've taken the game play experience up multiple notches!

A future-ready investment

The IGT **bluechip Neo** is ready for a systems-based future today. It has the technology and connectivity to ensure the best performance with IGT's current and future sbX™ systems solutions. And, it's ready now for when downloadable games become a reality - all at the flick of a switch.

Minimised downtime

The IGT **bluechip Neo**'s unique opening design, can be serviced in-field easily, minimising downtime to maximise your revenues.

Dynamic Buttons

Buttons have changed - now, from one moment to the next they move, they flash, they change with the game.

They're called Dynamic Buttons and they have an LED screen in them. So, they're now part of the game. No more wrong inserts, less complaints and many, many more game options.

IGT is launching Dynamic Buttons in New Zealand on the IGT **bluechip Neo**[®] - bringing more fun for players and more for your venue.

Multistar[®] Dynamic

Be the first with a dynamic Multistar[®].

All three games in this Multistar package feature different line and play options, providing more variety and choice for your players!
